WORK EXPERIENCE

UI/UX Developer
PROBUS technologies Pvt Ltd, Delhi
Aug 2024- Presently

- Designing user-friendly and accessible web interfaces using **HTML, CSS, React.js, Tailwind CSS, and Bootstrap.**
- Converted UI designs into fully functional websites using modern front-end technologies
- Continuously advancing my technical capabilities through the study and application of new technologies.

UI/UX Designer & Developer
Doc Master Pvt. Ltd.
Feb 2024 -July 2024

- **UI/UX Design**: Formed easy and clear designs for Docmaster.in using Figma.
- **Website Development**: Developed and designed comprehensive webpages for Docmaster.in with **HTML, CSS, React.js**.
- **Website Monitoring**: Maintained the high user experience level when analyzing and update the design and functionality flaws.

Content Creator & Website Developer
PROBUS technologies Pvt Ltd, Delhi
2020 - 2023

- Created written and visual content for marketing and web use.
- Participated in basic front-end development and UI/UX design tasks using Figma, HTML, and CSS.
- Collaborated with cross-functional teams to identify and address any design or functionality flaws based on real-time feedback.

PROJECTS

- **My Portfolio:** A full-stack portfolio website to showcase my work and skills. Built with React and TypeScript, styled using Tailwind CSS, and powered by a Node.js + Express backend with MongoDB. Deployed on Vercel (frontend) and Render (backend).
- **Techsetgo.in:** A freelance project for a Next.js website. Designed the UI using Figma and implemented it in Next.js using the Bootstrap framework, custom CSS, Node.js, Express.js, and MongoDB.
- **Docmaster.in:** Designed the website in Figma and implemented it using React.js, the Bootstrap framework, custom CSS, and Node.js.
- **Password Manager Website:** Developed a password manager using React.js, Tailwind CSS, Node.js, and MongoDB.
- **Password Generator:** Created a password generator web page using HTML, CSS, and JavaScript.
